

## **Licensed Structural Engineer | 4–10 Years of Experience**

Engineer your future with Keast & Hood. We are a WBENC-, WBE-, WOSB-, and DBE-certified structural engineering firm, recognized as a 2025 Best Places to Work by the Philadelphia Business Journal. Founded in 1953, we've partnered with leading architects, institutions, and organizations on impactful building projects across the Mid-Atlantic and beyond.

We're seeking licensed structural engineers with 4–10 years of experience in the structural design of buildings to join our collaborative team. The successful candidate will perform design and analysis tasks as part of a collaborative project team, working on new steel, concrete, and wood structures; adaptive reuse and renovation of existing buildings; and the investigation and analysis of historic structures. Our work spans new construction, preservation, and adaptive reuse, with a portfolio that includes both national landmarks and cutting-edge designs.

### **What We Offer:**

- Competitive salary and excellent benefits
- Flexible work environment that supports work-life balance
- Professional growth and mentorship opportunities • A culture of collaboration, inclusion, and innovation

If you're passionate about shaping the built environment and contributing to projects that stand the test of time, we want to hear from you. Our office is based in Center City, Philadelphia – interested applicants should send their resume to [mail@keasthood.com](mailto:mail@keasthood.com).

This is an exciting time to join our growing firm and make an impact!

Keast & Hood is an equal opportunity employer.
